## THE STATION CAR PARK BORDER

We hope you may have noticed, when parking your car, walking your dog or taking your recycling to the bank, that the

garden border alongside the train station car park has had a makeover.

'Doli in Bloom' members only have limited time to look after all the sites in Dolwyddelan that they tend to (new members are always very welcome) and the border had gotten out of hand, so we came up with a plan!

Les (Cambrian House) very kindly showed up one Saturday morning at 5.50 am !!! with his digger and dug out the whole border and Conwy Council then supplied several lorry loads of fresh reconstituted compost to refill it. The border has now been divided into six manageable plots, which are looked after by individual gardeners. It's turned into the Chelsea Flower Show up there, friendly competition is ongoing, with individual styles beginning to develop. If you are going to have a look, you may be interested in who looks after which plot.
