

A visit by Conwy Valley Group, Women's Institute members Wednesday 9th October 2019

Fifteen Members from the Conwy Valley WI Group were met off the 11.10 train at Dolwyddelan Station by several of our members. After greetings and photographs, we visited St. Gwyddelan's church. Irene kindly ferried some of the ladies back and forth, whilst Merle and Carrie escorted others to the church. Some information sheets regarding interesting historic points were handed out and questions answered; mostly successfully!

Meanwhile back at the pavilion, our remaining ladies were putting the final touches to the buffet, which had been prepared off site; mostly by members, but we were also grateful for Angie's scones.

After a leisurely meal where our members were able to mingle with our visitors; Anna, Alison, Lona and Eluned read extracts taken from various minutes, spanning the past 72 years, when Dolwyddelan WI was formed. There was then a chance for our visitors to browse through information on the History of Dolwyddelan WI, Past Minutes and our Scrap Book - for which we won Second Prize.

As some of the visitors had never been to Dolwyddelan or beyond. It was suggested that if anyone wished to take the earlier train and continue down the Conwy Line to Blaenau Ffestiniog; then some of our members would accompany them and point out interesting landmarks en-route. Returning on the same train which would then stop in . . .
