TfW Conwy & Lledr Valley Trains Replacement Bus Service

Due to further damage caused by recent storms Ciara & Dennis to the rail track in the our valleys, there is again no rail service operating between Blaenau Ffestiniog and Llandudno. Transport for Wales (TfW) has arranged a replacement bus service that will run between Blaenau Ffestiniog & Llandudno.

The buses will run at the same times as the rail service.
In Dolwyddelan, the bus will stop outside of Y Gwydyr public house (not at the rail station).
