

Bryn y Bedd Cemetery Update

Dolwyddelan Community Council were delighted that their grant application was approved and received from The European Agricultural Fund for Rural Development, through a CCBC Wales Rural Community Development Grant, to repair the wrought iron benches, the iron gates, the gate pillars, part of the cemetery wall and refreshing the two slate plaques. Much of the work has been completed but due to bad weather experienced in November through to January the cemetery wall and pillars are still a work in progress. DCC wish to thank Snowdonia Slate, ILD Engineering, Ian Richardson & Carwyn Price for the work they have done to date and envisage this stage to be completed in the spring.

As Phase 3 is almost completed, DCC have commenced work in finding funding for the repair of the old hearse building and renovating it into a memorial space that the Dolwyddelan Community can cherish.
