

Hello!

My name's Kate and I'm an illustrator and art teacher living in Dolwyddelan. I'm also a Welsh learner.

As a nature lover, I wanted to create a range of gifts and cards that were not only beautiful but sustainable.

Little Paper Gifts are innovative and fun - your loved one doesn't just read the card they interact with it! From 3D cards to creating your own unique designs using stickers, these are experiences to remember. I also use recycled, uncoated or seed embedded card and paper, to lessen the environmental impact so you can gift, guilt-free. I can also add Welsh greetings - please get in touch!
